

## **PowerSchool Parent Access Program**

### **• Guidelines for System Access •**

- 1) Only the parent/guardian may request access to the PowerSchool system. The mailing address you submit on the Access Request Form must be the same address currently in our school records for your student(s).
- 2) For confidentiality purposes, the district will not give account information via phone, email, or fax.
- 3) The parent/guardian will be issued a unique account name and password for each student they request access for. It is the sole responsibility of the parent/guardian to protect the security of the account(s). The district will not be responsible in the event the account(s) becomes possession of another person other than the parent/guardian.
- 4) Inappropriate use of the PowerSchool online system (i.e. accessing records of non-family members or inappropriate communication via the system) will result in immediate loss of access.

Visit the PowerSchool Parent web page for additional information on the PowerSchool online system.
